NEWS RELEASE

FOR IMMEDIATE RELEASE

March 25, 1996

WORLDS OF FUN ADDS FLIGHT RIDE FOR 1996

Kansas City, Mo. - High flying fun awaits guests at Worlds of Fun in 1996 with the RipCord, a Skycoaster ride that combines the thrills of sky-diving, hang-gliding and bungee jumping into one adrenaline pumping adventure.

The RipCord will tower high above Beat Street Lake in the Americana section of Worlds of Fun. Fliers will be outfitted in flight suits connected to a stainless steel aircraft cable. Positioned parallel to the ground on a launch pad, fliers will be hoisted to the top of a steel tower approximately 180 feet above take-off where they will pull an actual rip cord to initiate flight. Fliers then plummet toward the earth and eventually soar past their starting point reaching speeds up to 80 miles per hour. In a pendulum-like arch motion, fliers will experience a feeling of weightlessness as they complete the swing opposite the take-off tower before several more continuous swings. Fliers are then slowed to a stop and returned to the launch site where they are safely released from the harness.

Flights on the RipCord are separate from the park admission. Flights are \$14.95 per flier for three people; \$19.95 per person with two fliers and \$24.95 for solo flights. Reservations will be required to ride the RipCord, and fliers must be at least 42 inches tall.

Manufactured by Sky Fun 1 of Longmont, Colo., the Skycoaster is one of the most popular and fastest selling thrill rides to ever be introduced. Since the ride's introduction in 1992, its popularity has spread worldwide. The Skycoaster has been well received by thrill seekers everywhere with 31 Skycoaster rides currently operating internationally and 15 more scheduled to open in 1996.

In addition to the RipCord, the Detonator will challenge the laws of gravity at Worlds of Fun this spring with its 200-foot, twin tower structure. Twelve passengers will surround each tower and shoot toward the sky at a force of 4.5 G's reaching 45 miles per hour in one second. Riders then descend to earth faster than a free-fall at one negative G before several up and down motions bring the ride to a stop.

Worlds of Fun is a 170-acre entertainment complex filled with major rides, entertaining shows and thrilling attractions. The park is located on the east loop of I-435 at exit 54 in Kansas City and is open weekends in the spring and fall and daily throughout the summer. FUN IN 1996!

Worlds of Fun Reaches New Heights of Fun in 1996

With convenient park hours, special price offers and exciting entertainment, Worlds of Fun will kick off its 24th season on Saturday, April 13. Under the new management of Cedar Fair, L.P., Worlds of Fun will reach new heights of fun during 1996.

Worlds of Fun's newest ride, the Detonator, is a 'must ride' for thrill seekers. It's the first 200 foot, 24-passenger structure in the world, featuring two sky scraping towers. Twelve riders surround each tower as they are thrust 4.5 G's straight up while reaching speeds of 45 miles per hour in one second. Riders then descend faster than a free fall, defying gravity at a force of one negative G.

Beginning Memorial Day Weekend, the Berenstain Bear family will make their home at Worlds of Fun. Mama, Papa, Brother and Sister Bear will bring kids' favorite storybook characters to life.

Another new thrill for park guests is the RipCord. The experiences of skydiving and bungee jumping are combined in this adrenaline pumping adventure ride. Flyers are hoisted from land to a launch site over 180 feet above take off, where they pull a rip cord sending them swooping down to earth at speeds of up to 60 miles per hour. Fliers swing in a pendulum type motion several times before returning to the take off position. (An additional fee is required for RipCord).

Special new price offers make Worlds of Fun a great entertainment value. A twilight price, after 4:00 pm, will allow guests admission to Worlds of Fun for \$11.95. Kids, over three years old and up to 48 inches tall, will be admitted for only \$4.95 anytime. Children three and under are free and senior citizens \$11.95 (prices do not include tax).

Season Passports to Worlds of Fun or Oceans of Fun are a great value at \$56.95. A Bonus Season Passport to the other park can be added for \$24.95 and Family Season Passports, when purchasing a minimum of three, are available at a special price of \$49.95. Season Passports can be purchased at the Jones Store or at Worlds of Fun (prices do not include tax).

The Forum Amphitheatre at Worlds of Fun will be the site for some exciting entertainment this season. The country concert series will showcase Chely Wright, Bryan White, Steve Wariner, Martina McBride, Tracy Lawrence, Trisha Yearwood, Aaron Tippin and Diamond Rio with Wade Hayes. Christian acts Petra, Whiteheart, 4 Him and Kathy Troccoli will also take the stage this summer at Worlds of Fun. Season Passport holders are admitted free to concerts at Worlds of Fun.

Worlds of Fun and Oceans of Fun, the number one tourist attraction in Kansas City, form a 230-acre entertainment complex filled with thrilling rides, shows and attractions. The parks are located on the east loop of I-435 at exit 54 in Kansas City. Worlds of Fun is open weekends in the spring and fall, and daily throughout the summer and Oceans of Fun is open daily Memorial Day weekend through Labor Day.
