# HAUNT ATTRACTIONS

## OVERLORD'S Awakening

As darkness falls, bear witness to the Overlord's Awakening as he calls his army to rise and wreak havoc on the park.

Beware of the Witches of the East and West and their band of maniacal monkeys as they spread their wickedness throughout the Midway.

## BLOOD ON THE BAYOU

Steer clear of the cursed mansion on the hill, where troubled spirits use voodoo curses to possess innocent souls, and where mindless demons trudge through the murky bogs in search of their next victims.

The Chamber of Horrors Wax Museum has reopened, and for this limited time, Miss Lizzie invites you to examine her collection of fearsome villains, murderers, criminals and miscreants. So lifelike, so believable, so haunting, you might even think they're alive.

## ZOMBIE HIGH

The hallowed halls of Zombie High beckon you back to a horrific homecoming of flesh eating hellions. Don't be tardy. If you make it out alive, you can consider yourself "Saved By The Hell!"

The Death Care System is on full display at this open house. You can check in, but you won't check out.

Over a century's worth of blood-thirsty vampires lurk within the walls of this catacomb where human victims are drained of their life to nourish the children of the night.

A trip to Old MacDonald's farm turns into a massacre.

A fear paralyzes the people of London as great evil looms over the city. Step lively for you'll fall victim to Jack the Ripper's blade or suffer a worse fate at the hands of Dr. Jekyll or Mr. Hyde.

Outlaw spirits of Boot Hill Cemetery ascend to defend their ghost town and find those who sentenced them to death.

Legend has it that the crazed farmhands built countless scarecrows to ward off any would-be trespassers. Now, years later, who really knows what evil lurks in the corn. This cursed cornfield will scare the yell out of you!

Straight off the road, these deranged clowns and freaks taunt those who trespass their territory. They don't want to make you laugh; they want to see you cry!

Lurking in the fog, the Keepers of the Boneyard haunt the underworlds of Worlds of Fun, feeding on the marrow of the living.
