## Boomerang Roller Coaster

What the World Needs Now is  
**Boomerang...**

A roller coaster track with orange rails and yellow supports, featuring several loops and a steep drop. A train is visible on the track.

**BOOMERANG**

Screaming *backwards* begins spring 2000 at Worlds of Fun.

BOOMERANG is a thrilling new roller coaster that rockets riders forwards, backwards, and, within the course of one minute, turns riders upside down six times. Riders are pulled backwards to the top of a nearly vertical 12-story tower and then released to plummet at 50 miles per hour down a steep hill. They then go through two corkscrew turns and a signature 60-foot vertical loop, turning them upside down three times.

Riders then head up another nearly vertical 12-story tower where the whole trip begins again... in *reverse!*

A tall roller coaster structure with a red track and white supports. A train is visible on the track, and a large snake logo is in the foreground.

and **Mamba**  
Roller Coaster

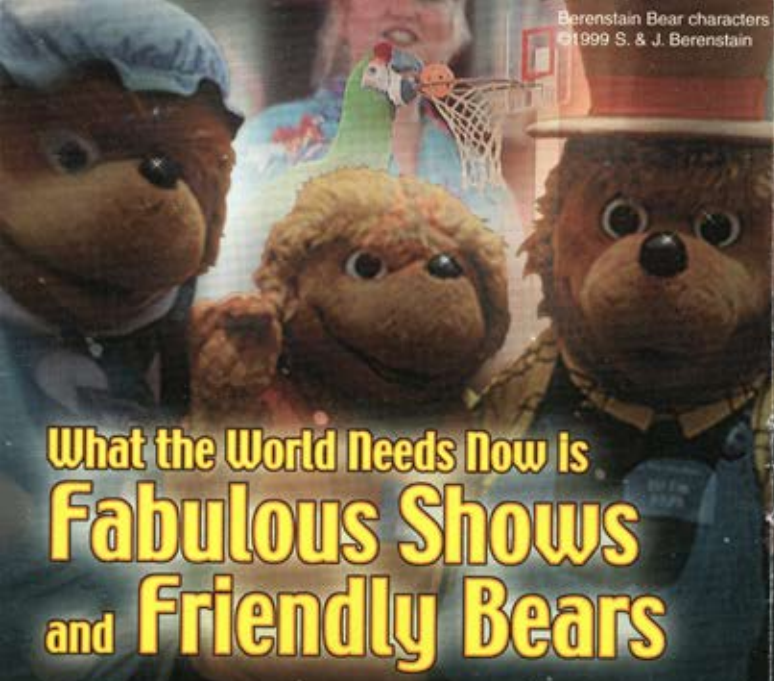

For the bold and the daring there is MAMBA, one of the top ten roller coasters in the world. Named after one of the most feared snakes in Africa, MAMBA slithers up to 75 mph, flings you toward the ground from 205 feet and pulls 3.5 Gs. One of the world's tallest, longest and fastest roller coasters, MAMBA is the ultimate thrill seekers' delight.

# What the World Needs Now Is 175 Acres of Attractions

Worlds of Fun is jam-packed with over 175 acres of entertaining rides and fun-filled attractions. Those who love to scream can choose from a variety of thrill rides including the all new **BOOMERANG** and the giant **MAMBA**, the ultimate scream machines, while **Detonator** and **RipCord**®; a **Skycoaster**® experience, take fun to an all new level. If you prefer to keep your feet on the ground, select from an assortment of rides that twist and twirl including favorites like **Le Carousel**, the **Scrambler** or **Fury of the Nile**. For those who like speed, there's nothing like a whirl on our "world class" wooden roller coaster, **Timber Wolf**, or loop and twist on the **Orient Express**. The little ones will get a kick out of **Kiddy Kingdom**, with a variety of rides just their size, like **MAMBA's** little brother, the **Wacky Worm** roller coaster.
